SUBJECT

Construction of a Settling Tank at Hunsur

(P1 b3/E1)

To The S E, Mysore Dt
" Chief Engineer
" Comptroller
" Asst. T M C, Hunsur

No L 6147-51/B 6-12-48

Sanctions the estimate for Rs 26,860/= for the ——— the cost being met by Govt and the ML Cl in equal proportions and Sanctions a grant of Rs 13,430/= out W S grants for 1948-49 to the Mlty ~~to~~ on for this purpose

WD 010861—GPB—25,000—18-9-50

552 & 10 to end

The following is the extract from the Representation submitted by the President of the Harsom Town mtg to the Minister for Revenue during his visit to the place in sept 1946 re water supply

1) settlement tank — water works

The govt have sanctioned Rs 4,500/- 4 years ago for the construction of a settlement tank in connection with the water supply That amount is placed at the disposal of the sanitary dept long ago In the interest of the health of the town it is necessary that this work should be taken up immediately and completed

2) The sanitary dept may be kindly urged to take up this work urgently

---

3) orders of the Minister on the original representation

Please see working

construction of a water tank at Hansi

This was presented to me at noon by the president of the municipality. May I know why the drainage scheme & the construction of a settlement tank have been held up, it would be most demoralising, if works, for which contribution has been paid years ago, should not be taken up and completed by the dept concerned.

(Sd) T A

Letter no D3.284/47-48 Dt 5-3-48 from the Dy Commr, Mysore Dt, forwarding a report on the matter

9) The report received from the Dy Comm, Mysore Dt, is submitted for perusal Two items are referred to in the letter - (1) settling tank (2) construction of Sweepers quarters at Hunsur -

(1) Settling tank - It is reported that the preparation of a Comprehensive scheme is engaging the attention of the Sanyr Engineer, Bureau of Sanyr Engineering and that a reference will be made on receipt of the scheme from the Sanyr Engineer

(2) Sweepers quarters It is reported that proposals to provide quarters for the sweepers at an estimated cost of Rs 40,000/- is under the consideration of the Municipality that they would be taken up in this years programme As the finances of the Municipality are poor, they request that a grant of Rs 20,000/- being half the cost of the scheme may be granted by the Govt

10) The receipt of Proposals on the above two items may perhaps be awaited & the question of giving a grant may also be considered thereafter

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No L 5009

Dated Bangalore, 18 October 1946.

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore
Revenue Department

To

The Chief Engineer for Irrigation in Mysore,
Bangalore.

Sir

In inviting reference to the marginally noted extract from a representation submitted by the President of the Hunsur Town Municipality to the Minister for Revenue and Communications during his recent visit to the Town regarding the delay in the construction of a water tank at the place, I am directed to observe that it would be most demoralising, if works, for which contributions have been paid years ago, should not be taken up and completed by the Sanitary Department and to request you to intimate immediately why the construction of the settlement tank has been held up.

Settlement tank water works.

The Government have sanctioned Rs 4,500/- four years ago for the construction of a settlement tank in connectidnwith the water supply. That amount is placed at the disposal of the Sanitary Department long ago. In the interest of the health of the Town it is necessary that this work should be taken up immediately and completed.

The Sanitary Department may be kindly urged to take up this work urgently.

I have the honour to be,
Sir,
Your most obedient Servant,

Secretary to Government,
Revenue Department.

Subject Construction of a settling tank at H u n s u r

With reference to your letter No L5009 dated 18th October 1946, I have the honour to enclose herewith a copy of the detailed note received from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore on the above subject

It will be seen therefrom that the work could not be taken up as the revised estimate amounting to Rs 18,382/- which was sent to the President, Town Municipal Council, Hunsur, in May 1943 was not returned countersigned and the necessary funds required for the work, not deposited

I have the honour to be,

S i r,

Your most obedient Servant,

KSR/4tn

CHIEF ENGINEER FOR IRRIGATION

Note - Construction of a settling tank at Hunsur

An estimate amounting to Rs 9,560/- for the consturction of a settling tank at Hunsur was prepared in the year 1935 and forwarded to the President, Town Municipal Council, Hunsur in this office No 1892 dated 31-1-1935

The Deputy Commissioner, Mysore District in his letter No D3-C 1880 of 39-40 dated 10-7-1942 requested this office to send a fresh estimate for the above work as it was prepared as long back as 1935

The estimate was revised to Rs 13,500/- and was sent to the Director of Public Health, but the estimate was ordered to be kept back pending carrying out some experiments at Hunsur by the Health Department

e President, Town Municipal Council, Hunsur in his letter No H C 46/41-42 dated 17-3-1943 intimated this office that a Government grant of Rs 4,780/- was sanctioned for the above work and desired the work to be taken up

The estimate was finally revised to Rs 18,382/- as per the market rates existing at that time and was forwarded to the Presider Town Municipal Council, Hunsur in this office No 1803 dated 17th May 1943 In this letter it was also clearly mentioned that further action could be taken only on receipt of the estimate duly countersigned with funds No reply has so far been received from the President

CIRCULATION LOTT

SUBJECT: Construction of a settling tank at Hunsur.

The Municipal Councillors and people of Hunsur Town Municipality have been representing that the water supply system in the town may be placed on a more satisfactory basis by the construction of a settling tank at the place. The question has been under consideration since 1935, but did not reach the stage of execution for one reason or another. An estimate for Rs.13,500 prepared in 1942 was kept by, pending the carrying out of some experiments by the Health Department. The estimate was revised to Rs.18,382/- the next year but further action was not taken, as funds were not then provided for the work. This estimate has also had to be revised and now final plans and estimates have been prepared for the work for Rs.27,319/-. The Municipal Council has considered this estimate and agreed to bear half the cost and requested the Government to bear the other half of the expenditure. The Deputy Commissioner, Mysore, while forwarding the papers, has recommended the request of the Municipal Council for consideration.

2. The Chief Engineer for Roads and Buildings to whom the estimate was referred has corrected it to Rs.26,860/- after scrutiny.

3. The Financial Secretary who was consulted in the matter agrees with the proposal made by the Deputy Commissioner. The Minister for L.S.G. has approved of the proposal. As the matter has been ordered to be disposed of by circulation, this note is circulated to the Ministers.

4. The points for consideration are -

1) sanctioning the estimate for Rs.26,860/- for the construction of a settling tank at Hunsur as corrected by the Chief Engineer for Roads and Buildings, the expenditure being met by the Government and the Municipal Council in equal proportions;

2) making a grant of Rs.13,430/- from out of the water supply grants for 1948-49 to the Hunsur Town Municipality to meet the half the cost of the scheme.

Sir,

Subject Minister's Tour Notes

With reference to your letter No 13444 dated 13-2-48 forwarding an extract from the representation made to the Minister for Local Self Government by the Municipal Council, Hunsur, for report, I have the honour to forward herewith the report No H C 29/47 dated 26-2-1948 of the President, Town Municipal Council Hunsur and to state as follows

The question relating to the construction of the settling tank is pending with the Sanitary Engineering Department and the Sanitary Engineer has intimated in his letter No 688 dated 22-1-1948 that the comprehensive Scheme for the improvement of water works at Hunsur is under preparation by the Assitant Engineer and it would be sent to the President, Municipal Council, Hunsur, has reported that the same has not been received as yet I have also addressed the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore to expedite the matter

The President, Town Municipal Council, Hunsur also states that a sum of Rs 4780/- has been desposited by the Municipality for the purpose in 1943 and that the balance of the cost may be recommended to be met by Government grant This aspect will be considered on receipt of the estimate

estimate from the Sanitary Engineer

As regards the proposal to provide quarters for the sweepers, the President reports that a scheme for the formation of a colony for the sweepers at a cost of Rs.40,000/- is under contemplation of the Municipality and that it would be taken in the Two Years programme. The Municipal Council proposes to meet one half of the cost and the other half is proposed to be met by Government Grant

In the circumstances, I request you to be so good as to obtain sanction of Government for the grant of Rs 20,000/- for providing quarters for the sweepers of Hunsur Town Municipality

Sir,

Minister's Tour Notes

Adverting to your Memo No D3 2864/47-6 dated 23-2-1948 forwarding copy of letter No. 13444 dated 13-2-48 received from the Secretary to Government, Revenue Department re Representation made to the Minister for Local Self Govt, on 4-12-1947 requesting for Town Improvement Works, I have the honour to state as follows —

1 Water Supply —

(a) Construction of Settling Tank —

The Correspondence for the Construction of a Settling Tank in this town to improve the Water Supply is pending since 1940 with the Secretary Engineer. During 1942, it seems the Department sent an estimate towards the Cost of Construction of a Settling Tank and the Municipality has deposited its quota of Rs 6780/- in the year 1943 and requested the Secretary Engineer to undertake the Work. It is still pending and it is stated

4 Dey the Secretary Engineer, in his letter No 792 dated 28-2-1947 addressed to the Deputy Commissioner Mysore Dist which is at the estimate prepared during 1943 for Rs 18,382/- has still to be revised as per market present Rates and this were Referred to the Assistant Engineer, No 2 Secretary Sub Division, Mysore No estimate in this behalf has so far been received in this Office The question has been pursued very often as the public of this place is still suffering for better Water Supply and the amount of Rs 47801- deposited during 1943 is lodged up without any use As the Work has to be taken up very urgently in the Safe guard interest of the General public of the town, early action to Construct a Settling Tank is quite necessary The Municipality at its present State of affairs is not in a position to bear any large amount for the Construction and it has already deposited its Quota The Necessary Cost of the estimate may kindly be ordered to be met by Government as their grant and to start the Work immediately

2. Sweepers' Colony.-

To facilitate the Municipal Sweepers and providing them with housing accomodation and other Amenities, the Municipal Council have proposed to undertake the Construction of Quarters to accomodate 20 families in a Colony according to

to the type design sent by the Government Architect. The cost of the building is estimated at Rs 40,000/ and the same will be taken up in the 2 years programme As the Municipality is not in a position to meet the cost in this behalf from its Slender resources, it is requested that the Government be pleased to grant a sum of Rs 20,000/- in the first instance to start the Construction work according to type designs and thus help the poor Sweepers the Municipality has provided the required suitable sites for the Construction of Quarters

In the circumstances stated above, I request you to be so good as to recommend to Government for Grant of suitable amounts for the above works and to arrange for starting the works immediately — Copy of Architect's estimate for Govt, is herein enclosed —

I have the honour to be,
Sir,
Your most obedient Servant
[illegible]
President

Sir,

Construction of a ~~sinking~~ Settling Tank at Hunsur

With reference to your letter No L.15233 dated 30-3-48 on the above subject, I have the honour to forward herewith an estimate for Rs 27310/- received from the Sanitary Engineer for the above work. The Municipal Council of Hunsur in their meeting held on 26-4-1948 have resolved to countersign the estimate and the plan and have proposed to pay half of the cost of the estimate out of the funds of the Municipalities and to recommend to Government for the payment of the other half out of Town Improvement grant for the current year

The estimate and the plan have been accordingly countersigned by the president

An extract of the resolution of the Municipal Council dated 26-4-1948 is herewith enclosed

In the circumstances, I request you to be so good as to obtain kind sanction of Government to the proposal of the Municipal Council to pay half of the cost of the estimate out of the ~~C.B~~ Closing Balance of the Municipality and the other half out of Town Improvement grants

Correspondence ending with letter No.D3-284/47-48 dated 20th May 1948 from the Deputy Commissioner, Mysore District, in the matter c the construction of a settling tank at Hunsur.

ORDER NO L6147-51|WL61-48-12

Dated, Bangalore, the 6-12-48

The question of improving the water supply system at Hunsur and placing it on a satisfactory basis by the construction of a settling tank has been under the consideration of Government for a long time, but it has not been possible to arrange for the taking up of the work owing to several difficulties. - Plans and estimates have now been prepared for the work for a sum of Rs.27,310/-. The Chief Engineer for Roads and Buildings has corrected it to Rs.26,860. The Town Municipal Council of Hunsur have agreed to bear half the expenditure on this work and requested the Government to bear the other half of the expenditure. The Deputy Commissioner, Mysore District, requests sanction to the proposal of the Hunsur Town Municipal Council. Having regard to the urgency of the work to be carried out in the interest of the public health of Hunsur Town, Government are pleased to direct that the above estimate for Rs.26,860/- be sanctioned, the expenditure being met by the Government and the Municipal Council in equal proportions and that a grant of Rs.13,430/- be paid from out of the water supply grants for the year 1948-49 to the Hunsur Town Municipality for this purpose.

The Chief Engineer for Roads and Buildings and the Deputy Commissioner, Mysore, are requested to take all necessary action for the taking up and speedy completion of the work.

Constructing of a Settling Tank at Hunsur

Sanctions an estimate for Rs 26,860 for the ——

READ—

Correspondence ending with letter No D 3-284—47-48 dated 20th May 1948 from the Deputy Commissioner Mysore District in the matter of the construction of a Settling Tank at Hunsur

ORDER No L 6147 51—ML 61 48 12, DATED BANGALORE, THE 6TH DECEMBER 1948

The question of improving the water supply system at Hunsur and placing it on a satisfactory basis by the construction of a settling tank has been under the consideration of Government for a long time, but it has not been possible to arrange for the taking up of the work owing to several difficulties Plans and estimates have now been prepared for the work for a sum of Rs 27,310 The Chief Engineer for Roads and Buildings has corrected it to Rs 26 860 The Town Municipal Council of Hunsur have agreed to bear half the expenditure on this work and requested the Government to bear the other half of the expenditure The Deputy Commissioner, Mysore District, requests sanction to the proposal of the Hunsur Town Municipal Council Having regard to the urgency of the work to be carried out in the interest of the public health of Hunsur Town, Government are pleased to direct that the above estimate for Rs 26,860 be sanctioned, the expenditure being met by the Government and the Municipal Council in equal proportions and that a grant of Rs 13,430 be paid from out of the water supply grants for the year 1948 49 to the Hunsur Town Municipality for this purpose

The Chief Engineer for Roads and Buildings, and the Deputy Commissioner Mysore, are requested to take all necessary action for the taking up and speedy completion of the work

SYED ABDUL ALEEM,
Secretary to Government,
Revenue Department

To—The Deputy Commissioner Mysore District with records
The Chief Engineer for Roads and Buildings in Mysore
